

NEWSLETTER NO 7

Friday 5th March 2021

Our value for this month is: Honesty

Our Value this month is Honesty

Our key questions and points for reflection for 'Honesty' are:

What is honesty?

- Honesty is being sincere, truthful, trustworthy, honourable, fair, genuine, and loyal with integrity

How can you be honest?

- Voice your opinion in a kind and thoughtful way
- Show and share feelings
- Feel and react without guilt
- Express yourself positively
- Consider the consequences when not telling the truth

What does being honest look like?

- Telling a friend the truth
- Explaining the real reason why you didn't do something
- Admitting that you have made a mistake
- Accepting responsibility for your own actions without blaming others
- Being honest about your feelings
- Thinking of others when confronted with a situation

Thought of the month

'No legacy is so rich as honesty.' **William Shakespeare**

Well done Milo

In Year 4, Milo has been extremely creative at home. Working with his brother Roman, he has made this 'robotic hand.'

'Btingham' Palace Competition

Look at this amazing competition that Miss Evanson has set as a part of Science Week. We look forward to receiving lots of entries.

Can you build a hotel palace fit for wildlife royalty?

It's not just humans that like to live in luxury, our bugs also need a place to go that's fit for Kings and Queens!

At Gothic Mede we would like to create our very own 'Btingham' palace and it will be down to you to design it.

Our palace will be full of habitats for our precious local wildlife made from all-natural resources.

What sort of visitors do you think Btingham palace may have?

If you think you could design a palace fit for wildlife royalty we would love you to share your ideas with us by creating an A4 sketch of your palace and labelling it with your choice of materials (the list on the right may help you). Once you have completed the design please hand it to your teacher or send a photo to the office before Friday 26th March.

We are going to be choosing 1 winner per year group! The winners of the competition will then share their ideas with each other and team up to build BUGINGHAM PALACE!!!

Reception - PE

This week in PE, Reception are learning about stretching and curling, spacial awareness and how to move around the apparatus.

World Book Day 2021!

The children and staff have really enjoyed celebrating World Book Day this week, both at school and at home.

Lucy and Beth made a fantastic den at home and enjoyed reading their books in it!

Some children even had pyjamas to match their favourite book!

Here is Mr Vince in his favourite onsie. He even brought in his teddy bear!

Finally, we have really enjoyed the Masked Reader Challenge. Different members of staff disguised themselves while reading a story and the children had to guess who it was. Thank you and well done to all of you who have joined in from home.

The children were found reading their favourite books all over the school!

Golden Book

Children are nominated by Teaching Assistants and Teachers for a Principal's award which is entered in the Golden Book. The award can be for living one of our Values or special achievement. Sporting awards/achievements gained through a regular commitment to a club or group are also celebrated.

Ash	Daisy	for being confident and happy in her new class.
Oak	Polly	for creating a fabulous wanted poster for the Big Bad Wolf and also for being an enthusiastic scientist.
Beech	Florrie	for having a positive attitude towards her remote learning and showing the value of patience during class assemblies.
Elm	Sienna	for her excellent effort in phonics and reading. Well done Sienna for moving up a level this week.
Maple	Lily	for her fantastic writing in English this week, using a range of conjunctions to extend her sentences and generating interesting and imaginative ideas.
Willow	Levi	for his fantastic attitude towards his learning and for learning to write division number sentences in maths.
Chestnut	Lucas	for his amazing effort and engagement with the home learning.
Sycamore	Layla-Mai	for taking pride in her work when creating and interpreting bar charts and pictograms.
Birch	Barney	for his excellent contributions to our mathematics learning, including our fraction work.
Hazel	Saffi	for continuing to focus on her home learning and persevering with her work even when tasks are tricky.
