

Friday 17th November

Dear Parents/ Carers

As a school this week, we have taken part in 'Anti-bullying' week. In Reception we have been celebrating our differences, talking about our different emotions and thinking about what makes a good friend. The children have enjoyed creating their own pair of odd socks to represent how we are all different.

This week in maths the children have been identifying, naming and comparing circles and triangles. During choosing time many children have chosen to explore these shapes, creating their own pictures, sorting them and printing them into play doh. You could continue to develop your child's understanding of this topic at home by encouraging them to spot circles and triangles whilst on a walk. eg signpost, car wheels etc

It was a rainy and muddy week at Forest School! The children enjoyed creating their own colour monster emotion stones and clay faces using natural resources.

Please make sure that your child comes into school on a Tuesday with a full change of clothes and shoes and also a plastic bag to put their wellies and clothes in. Please can all of these items be named.

The weather seems to have finally taken a turn for the colder and it's chilly in the mornings and often rainy during the day. Please can you make sure that you are sending your child in with a waterproof coat on days when there is a chance of rain. Gilets and fleeces are of limited use when there's rain! Unless it is absolutely pouring it down, our outside area is open for the children to access. Those who don't have coats have to stay inside.

Next week's SHOW AND TELL is Red Pix

Best wishes,
Mrs Britton, Mrs Undrell, Mrs Webber and the Reception Team
