

Year 4

This half term, our art, English and history, share the theme of rainforests. For your star challenge, we would like you to research rainforests or the Ancient Maya civilisation. Your knowledge could be presented in the form of a PowerPoint presentation, poster, a piece of art, a model or book/leaflet. It can be about any aspect of any type of rainforest.

Your Star Challenge can be brought into school at anytime before the end of December. Below, there is some guidance, but it is by no means comprehensive and you should not feel constrained by it!

I have found out a variety of interesting facts.	I have presented my knowledge in an interesting way.	I have taken pride in my work and presented it carefully and clearly.
I have presented my work in different ways. (e.g. leaflet with pictures and writing).	I have used my art skills.	I have worked with my adults to produce something we are all proud of.
